

**ITHACA COMMUNITY RECOVERY, INC.**  
"Serving The Recovering Community since 2000"

We invite you to join us in supporting our local recovery community—  
**be a corporate sponsor for our 9<sup>TH</sup>**

Corporate sponsors will be featured in all publicity for this event, will be recognized at the event, and acknowledged in all media releases. Promotional materials will be developed to further pay tribute to the generosity of our corporate sponsors.

Ithaca Community Recovery is dedicated to supporting the many local people who are in recovery from addictions to drugs and alcohol—people who have created a vibrant and caring community of support and compassion. We believe this amazing community deserves an amazing place to gather! For the past 22 years, ICR has provided the local recovery community with a home base at 518 West Seneca Street, open every day, 365 days a year.

**Our annual fund-raiser supports this important work.**

**On 1/1 at 1, we host the Chill Challenge at the Ithaca Yacht Club.**

**A polar plunge with a twist:** Fund-raising will feature "Dip or Dodge" options: for each participant, donors contribute to either "dip" them into Cayuga Lake or let them "dodge" and watch from shore. Registration in advance is required, and fund-raising will be primarily on-line (with mail and in-person options as well). This year, we are back in person at the Yacht Club, following whatever the Covid guidelines suggest.

People who are active in the recovery community, the people who love and support them, the people who only know of them—everyone will be able to come together to celebrate and to welcome in the new year. We are excited to continue this event as an annual celebration of recovery. Look for updates throughout the community, in local media, and at [www.ithacacommunityrecovery.org](http://www.ithacacommunityrecovery.org)

**Donor/Sponsor Categories:**

Arctic Allies	\$ 2 5 0	-	\$
Polar Partners	\$ 5 0 0	-	\$
Chill Champions	\$ 1 , 0 0 0	-	\$

**Please make checks payable to ICR and mail to Ithaca Community Recovery/Chill Challenge**
